

App Concept and User Interface Design

EduGoal

Janet Pham

Purpose and Scope

This product is designed for students from Pre-K to 12th grade. It allows the students to access individual lesson plans for each grade and gives them practice questions to help strengthen what they have learned. The user can also check their progress.

The UI is designed to look attractive and easy-to use for any users. The visual style and personality represents the dark tone colors to reduce eye-strain and giving it a more sleek look.
